MODify Double Sided Kit 03

MODify™ is a one-of-a-kind Modular Merchandising System that is made up of interchangeable fixtures and accessories that can be easily assembled, disassembled, and rearranged to create a variety of different display configurations. The MODify system incorporates SEG push-fit fabric graphics that enable you to brand, promote and merchandise with ease.

MODify Double Sided Kit 03 is so flexible! One side includes an SEG graphic panel that allows for color, promotion and messaging; six shelves are included. The other side is open and intended for hanging apparel. This display is an ideal choice for retailers looking to create a visually stunning and efficient display.

features and benefits:

Base Kit includes:

- Frame, slatwall, shelf and base colors in kit are all the same, your choice of all white, black, or silver
- Heavy-duty aluminum frame, steel base
- Steel, slotted uprights
- Side panel features SEG push-fit fabric graphics & six shelves, three shelves on each side
- Open section used to hang apparel and merchandise
- Base (casters are optional)
- Display is easy to assemble and install
- Lifetime hardware warranty against manufacturer defects

Optional Accessories Include:

- Towel bars.   - U bars
- Faceout bars   - Casters

# How to Apply & Remove Graphics

Installation and removal of SEG graphics is easy!

Installation: Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.
**Note:** Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.

Removal: Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the perimeter.
Graphics Storage & Care

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial size front-loading washing machine, gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.
